**DMA via direct connection** - BRL1.54 billion in 128,565 trades against BRL1.02 billion in 90,007 trades in the previous month; and

**DMA via co-location** - BRL47.48 billion in 8,791,678 trades against BRL38.62 billion in 7,746,548 trades in the previous month.

*\* Direct access to the BM&FBOVESPA market segments is carried out through DMA models 1, 2, 3 and 4.*

*In model 1 or traditional DMA, the client accesses the trading system through technological intermediation of a brokerage house. In model 2 or via DMA provider, the client does not use the technological intermediation of a brokerage house, but rather connects to the system through an authorized access provider. DMA via order routing with CME Globex is also a form of DMA model 2.*

*In model 3, the client connects to the Exchange's trading platforms through a direct connection.*

*In model 4 or via co-location, the client installs its own computer within the Exchange's facilities.*

*Notes: The volumes registered by access modality include both buy and sell sides of a trade.*

*The volumes by access modality for both the BM&F and the BOVESPA market segments have been reported in a consolidated manner in the BM&FBOVESPA statements since May 2009.*
